Welcome to the Road Trip CAL Passport!

We're so excited to have you along for this epic crochet journey! Over the next several weeks, we'll be "traveling" to 12 amazing destinations across the United States and around the world — all through the art of crochet.

This passport is a fun way to follow along, track your progress, and collect "stamps" as you go!

→ How to Use Your Passport:

- Each page in this passport represents a strip pattern and its featured destination.
- There's also a space to take pattern notes, record your favorite stitches, and a fun checklist of challenges for you as you work through each strip!

@ Bonus Sections:

- Mileage Tracker: One strip = real mileage between the locations. As you complete each strip, follow along on your journey and see how many miles you've "traveled" from one destination to the next!
- Road Trip Achievements Checklist: Challenge yourself to crochet outside, finish your strip in 1 day and mark off fun crochet milestones.

We hope this little passport adds some extra joy and creativity to your CAL experience. Don't forget to share your progress with us — we'd love to see your stamped passports and road trip memories!

Let's hit the road... one stitch at a time! ==

Happy crocheting,

Christine + Debbie
